

# Signholders (LF Series™)

## Applicable Products:

1. Screw upright onto base using two short flat head screws (fig. A).  
When inserting screws, tighten BOTH by hand first. Then, fully tighten using a Phillips head screwdriver (fig. A).
2. Screw frame onto upright using long flat head screw located inside of the frame (fig. B-1).  
Connect frame holder to upright using two round head screws provided (fig. B-2).
3. Insert graphic as shown (fig. C).
